Local Groups Ask Supervisors To Realign Court District

The Lemon Grove Chamber of Commerce, and the Lemon Grove Men's Club, in seperate actions, petitioned the county board of supervisors this week to withdraw the former Homeland Judicial District from the San Diego Municipal District and realign it with the El Cajon Municipal District.

The petitions coincided with El Cajon Municipal Judge Fenton Garfied's request of the supervisors for another judge to sit in El Cajon.

Scheduled for the 1958-59 budget is $16,000 for the construction of a new court facility in El Cajon. The transfer from one jurisdiction to another will not affect the present judge's status. Nor would a tax consideration enter into it, according to county counsel.

The Homeland Judicial District was absorbed by the San Diego Municipal District last September upon the urging of John Dail who appeared at that time before the supervisors.

The consolidation closed the Justice Court in Lemon Grove and gave Municipal Judge status and an increase of $11,400 a year to the justice of the peace who presided.

El Cajon court is presently running 8 months behind on its cases but the appointment of a new judge and the new facility will permit the case load to be brought up to date. Addition of the former Homeland District would not then create a hardship in the El Cajon District according to Judge Garfield.

The petitions, in form of resolutions, cited the desirability of going to an area court rather than making a trip downtown. It also showed a "community of interest" exists between the residents of the former Homeland District and the El Cajon District.

Chamber Collection 'Squad' Swoops Thru Business District

An "emergency squad," bent on collecting contributions to cover the cost of possibly bringing about an election on "incorporation" swooped through the business community Friday and Saturday to add substantially to the $6,000 total the Chamber of Commerce has racked up for the fund to date.

More than $1,000 was collected in $10 contributions but because the Chamber is giving away a fully equipped Ford Country Sedan on or about Memorial Day, the income cannot be dispersed for chamber functions until the cost of the auto is collected.

Everyone who contributes $10 to the fund is given without obligation, a gold ticket. The 1958 auto will be given to someone holding one of these numbered tickets.

Bob Vaught and Jim Spears are chamber finance chairmen. Income for the election will be listed on a "thermometer" erected last week on the plaza.

Gold tickets may be obtained from any chamber board member this week and specifically from Bill Vendenberg at the Dutch Cleaners, 7870 Broadway, or Harry Burris, genial proprietor of the Lemon Grove Drug Store, at 77-85 Broadway.

Rattlesnake Victim Hospitalized

Robert Perry, 30, of 1551 Skyline, was reported to be in "good condition" this week following a rattlesnake bite at his home last week on Wednesday.

Mrs. James A. Eppick, his mother, of the same address, said that he was walking through the weeds in their avocado grove when he heard the rattle and felt the sting on his hand.

Perry pulled out the fangs, cut the wound with a razor blade and sucked the venom from the area. Dr. John Reardon treated him and had him hospitalized.

According to hospital personnel, the snake was probably a large one judging by the wide distance between the fang marks.

The doctor's office said that Perry was the second rattlesnake bite victim in Lemon Grove in recent weeks. The other victim was not identified.

Judge Garfield Asks Court Consolidation

Judge Fenton Garfield appeal- to the San Diego county board of supervisors Wednesday of this week to add $20,960 to the El Cajon municipal court district budget for salaries of another judge and court clerk and asked that the Homeland district be included in the El Cajon municipal

Dr. Swenson Named 'Pied Piper' Parade Grand Marshal

Dr. Robert E. Swenson, local dentist and Lemon Grove civic leader, was this week named "Pied Piper" to lead the Pied Piper parade May 23, Dorothy Louer, publicity chairman, reports. Members of the Swimming Pool association named Dr. Swenson to head the giant collection of marching units including bands and beauties which will wind around town to the junior high school grounds where the Swim Fiesta carnival will be staged .

The carnival, main money raiser for the LG community swimming pool project, will climax the drive for funds to build the big pool. Association officials said they hoped the May 23 Fiesta will add the necessary money to the fund to finish paying the balance due on the swimming pool site property.

While nearly 100 per cent representation of LG civic club parade float entries have been received, officials urged other groups to join in and enter a float or parade unit of some kind. The float entry deadline is May 15 and entries or parade information are available from Arva Piepenbrink, at HO 6-2489.

Residents' Complaint Filed Against Ranch

SAN DIEGO (CNS) — Complaints agains the Wyman Chicken Ranch, 8135 Mt. Vernon, Lemon Grove, have been turned over to the county health department for investigation.

The action was taken by Supervisors Tuesday as a result of a complaint submitted by Mrs. Custeau, with a petition signed Leo E. Custeau, with a petition signed by 54 persons in support of her claims the ranch causes fly-breeding in the area.

Supervisors set May 27 for Mrs. Custeau, those signing her petition and operators of the chicken ranch to appear to discuss the health department's investigation report.

The Dimmer VIEW

BY MAX GOODWIN

Dr. Thayer Crow, he of the Pacific Street medical establishment, agrees that freeways ought to bear a name significant to that particular facility.

After spring rains brought out lush growth along the yet-to-be-named Lemon Grove freeway, he submitted for local consideration "Lemon Grove Weedway."

Scouting camp-outs aren't what they were when I was a youngster. We used to spend the better part of a day preparing what we considered delicious mulligan stew, hot corn bread, and the like.

When Scoutmaster Hibbard Stubbs of Troop 322 took his charges on a camp-out Saturday and Sunday he set cooking in the wilds back a full generation. He supplied every one of his youngsters with one of those pre-cooked, heat-and-eat tv dinners.

Traffic lights have been installed at Broadway and Imperial and are awaiting the electronics brain and radar counting units before they are operating.

McQuilken Says County Taxes Top Billion Mark

John McQuilken, County Assessor, told the Lemon Grove Men's Club Friday that his department was determined to prove to every property-owner that his assessment ratio was no greater . . . nor less . . . than any other county citizen. And put together the county assessment for 1957 topped one billion dollars.

With the help of Tom Atkinson, chief appraiser, and John Cox, chief deputy assessor, McQuilken backed up his discussion with color pictures under the title "Operation Equity."

McQuilken said the county was growing at the rate of 45,000 persons a year, or equal to a city twice the size of Lemon Grove every 12 months. He said that values are fluctuating almost unbelievably. In spite of that, he said, "if your neighbor builds a fence, or patio, our field men pay a visit to the location and re-assess the property."

"We have reduced assessing to an almost exact science through study and training," he said. "Our appraisal formulas are interchangeable. That means every assessment has a relation to everything else in the county," he said.

COUNTY ASSESSOR John McQuilken this week announced a Lemon Grove Committee for his re-election.

William Paul, manager of the U.S. National Bank of Lemon Grove; Dr. Calvin Nicholl, local optometrist, and Dr. Robert Swenson, local dentist head the committee.

McQuilken is a veteran in local city and county government, with 22 years behind him. He has been Assessor since August 1956 when the County Board of Supervisors unanimously selected him to fill the post.

The pictures shown by the Assessor's office are recommended for club and group showing. In addition to showing the vital, but not generally understood function of the assessor's office, history, science beauty, and the most remarkable photography seen recently hereabout are involved.

This week's program will be supplied by Miss Janeane Dimpel, Mt. Miguel speech contest winner. Miss Dimpel will compete in the national speech tournament scheduled for June 23 at Sioux Falls, South Dakota.

Accompanying her will be Robert Sanders, speech instructor at Mt. Miguel.

The Men's Club meets every Friday at Michael's.

Arson Suspected In Two Grove House Fires

A sheriff's report of suspected arson was recorded this week on two uncompleted Lemon Grove houses, both being built by the same builder.

The houses, one a duplex at 2509-11 Skyline and the other at Longdale and Myra, were reported ablaze within eight minutes of each other at 3 a.m. Sunday.

The fire department under assistant chief Fred Dixon reported that the Myra and Longdale building had probably been burning for many minutes. He said that the building had been plastered and this retarded the flames. The fire apparently started in cabinets in the kitchen.

The Skyline fire, reported eight minutes after the first call, had barely started. This house had only the framework up.

Sheriff's Deputy Don Bryan who turned in the report said the builder, Harry La Mer, of 100 Country Club Lane, Chula Vista, could advance no reason for anyone starting the blaze in his buildings.

Danger Season Here On Dry Fields Says F.D.

A warning was issued this week by the Lemon Grove Fire Department concerning grass fire hazard. Captain Ray Carmody, said that owners of property with dried grass or weeds on it should take steps immediately for cutting or burning the growth.

Burning permits are required and burning hours must be observed he warned. Permits may be obtained from the fire station at any time. Burning is restricted to the hours of 6 to 9 a.m. and 6 to 9 p.m.

The department will answer questions by telephone concerning burning at HO 6-1459.

'No Babies' At Grossmont For One Day Only

Grossmont Hospital hit one of its few 'dry' days April 22 when they reported "no babies were born here today".

Then they buckled down and started the production gears grinding and here is what they did for local new parents:

A girl for Mr. and Mrs. Emery Gene Handley, of 3924 Buena Vista, Lemon Grove.

A girl for Mr. and Mrs. Cecil Willard Clifton, of 9814 Dale Drive, Spring Valley.

A boy for Mr. and Mrs. Ward Thomas Donley, 3564 Foresome Drive, Brookside, and

A girl for Mr. and Mrs. Edward William Golden ,3415 Sweetwater Springs Boulevard, Spring Valley.

Mt. Miguel Wins Band Competion

LEAD WINNERS — These four lasses led Mt. Miguel's winning band and pom pon units to victory at the Maytime band review in National City last week. Shown here admiring trophies similar to those taken home from the big review are, from left, Mary Conlee, Sharon Cassell, Karen Mickelson and Jeanette Lowe. Miss Mickelson won second place in her division while the others won judges acclaim as top leaders too. It was a near-perfect day for the first-time entrants from Mt. Miguel who picked up division titles for the band and second place division honors for the pom pon squad plus garnering the top school sweepstakes award and trophy for the band.

It was Lemon Grove and Mt. Miguel day at the National City 11th annual Maytime band review last week as Mt. Miguel high school's 72-piece marching band stepped off with the top award school sweepstakes trophy and placed first in the intermediate class while Lemon Grove's junior high band placed second in the B-class group and two area baton swingers snagged top awards.

Dena Anderson, Lemon Grove eighth grader, swept majorette awards in the 12-18-year-old class, and Karen Mickelson, Mount Miguel's drum majorette, placed second in her division.

For Mt. Miguel, it was a complete triumph for a school with less than one full school year of organization in competition with more than 100 marching units as an estimated 75,000 crowd lined the National City streets for more than 3½ hours as some 5,000 participants marched the mile-and-one-half parade route.

It was the first time since 1950 that the local elementary school had returned home with a trophy. Competing with Southern California and Arizona entries, the Lemon Grove group performed with such precision judges were prompted to say the band had compared favorably with the senior entrants.

Mt. Miguel's Jeanine Dimple's dramatic interpretation won fifth place on Friday last week in oratorical finals in competition with about 40 other entries while another Mt. Miguel student, John Musgraves, won a $1200 scholarship from the University of Chicago and a $300 work scholarship from the same school.

Lawrence K. Christianson conducted the Mt. Miguel band in its winning effort while Harry Weisgerber directed the Lemon Grove contingent to the class trophy.

School Board Candidates To Go Q & A In Forum

Lemon Grove school board candidates are scheduled for a question-and-answer quorum this week on Thursday at 7:30 p.m. at the Lemon Grove Junior High School cafetorium. The "Meet-the-candidate" session will feature five questions put to each of the four candidates for the two district board vacancies which will be filled at the May 20 election.

Rev. Donald Cooke, pastor of the Lemon Grove Methodist Church, will be moderator for the meeting. The question quorum was arranged by the Lemon Grove junior high PTA board. Questions to be asked the candidates include: (1) Why do you want to be on the school board? (2) If it's a question of raising taxes or cutting the present educational program, how would you meet this problem? If cutting, what would you cut? (3) Are you for or against federal or state aid in the local school building program? (4) Do you feel our local education program meets the needs of our children in the following group: average, gifted, retarded, handicapped? (5) Beyond the core of essential subjects taught, where do you feel that money should be spent for enlarging the school program of facilities?

La Mesa Group Protests Line

SAN DIEGO (CNS) — Boundaries for the proposed city of Lemon Grove were protested to supervisors Tuesday this week by a La Mesa group, which asked it be given an opportunity to voice objections at any contemplated hearing on Lemon Grove's incorporation.

No hearing have been set, nor is a date for an incorporation vote selected, county counsel's office told supervisors.

The protest was received from the Vista La Mesa community center building committee, and supervisors voted to put the objection on record and to tell the board's clerk the group would like to be notified of hearings.

Boundaries for the city were approved by the boundary commission in March, but the boundaries can still be changed.

Paul Bardacke Wins Optimist Speak-Off

Paul Bardacke, eighth grade student at the Lemon Grove Junior High School, won the San Diego and Imperial County district speak-off for the College Center Optimists Club, defeating both junior and senior high students from other districts in this area. Paul is the son of Dr. and Mrs. Ted Bardacke, 3747 Citrus Street, Lemon Grove.

Contestants spoke at a dinner meeting of area Optimists at Casper's Rancho in El Cajon recently. Other contestants included

Two other boys she entered were Eddie Lebb and Frank Setchel, both of Lemon Grove's eighth grade class. Paul Bardacke, her fourth speaker, won both the local contest and the San Diego and Imperial County contest.

The matters of salaries were discussed by the La Mesa-Spring Valley School District Board of Trustees, at their April 28 meeting. Thru budget studies, it was the concensus of the Board that every effort should be made to keep the local salaries equal to those in other Districts. Particular attention was drawn to salaries of those teachers who are making a long time career of teaching.

HID Gets Pat From Heilbron

Helix Irrigation District was commended recently by Fred Heilbron, chairman of the San Diego County Water Authority for making available to neighboring areas the technical knowledge and experience acquired from a study made by John S. Longwell, a consulting engineer.

Heilbron, in a letter, said Longwell's work had pointed to a practical and economic approach to serving water to areas lying east of HID within the proposed Rancho, El Cajon, Alpine and Dehesa Municipal Water Districts.

He said HID had made a real contribution to the development of unwatered areas of the county in making the studies, paid for by the district, available to them.

State Scholarships For Two Area Youths

Edward Walter Smith, son of Rev. and Mrs. Walter Smith this week was named winner of a State of California scholarship award.

The anouncement was made by Assemblyman Sheridan Hegland, author of a 1955 bill by which the state would give educational assistance to top students.

Hegland said that 740 new scholarship awards were being announced this week and these were culled from 7,000 top students in the state. To date the program has helped more than 2,000 students, he said.

Young Smith, who lives at 7715 Church Street, is a senior at San Diego High and will graduate in June. He is majoring in history and general arts.

Another area student who will receive an award is Alan Edward Rovand, of 7045 Hoffman Street, a Helix student.

Van Deerlin Demands Diversified Industry

If the recession has served no other useful purpose, it has prompted San Diegans to take a long look at their economic future.

That was the gist of a talk by Lionel Van Deerlin, Democratic Candidate for Congress, prepared for delivery before a dinner meeting of the San Diego Industrial Development Council.

"Will thousands of home buyers be able to keep up their mortgage payments three or four years from now?" Van Deerlin asked. "If prices continue soaring, what sort of food will families of average income have on their table? Will they be able to send their kids to college? And how much more gouge can the small property owner stand on his tax bills?"

"It is not too soon to wage an aggressive campaign for new and diversified industry to provide the jobs and the tax base needed in an expanding community," Van Deerlin added. "With new and modern port facilities, we should be able to attract processing plants for cotton, paper, wood and plastic products — all of them clean, high-wage industries.

"I know that a congressman understanding the need for a balanced economy can be of great assistance to city and county officials in building such a future."

The Mount Miguel Concert Choir, directed by Robert Boucher, will present 3 groups of selections, covering a wide range of musical styles and periods. Included will be "Alleluia" by Randall Thompson and "Stomp Your Foot" by the contemporary American composer, Aaron Copland. To round out the evening, the Mount Miguel string orchestra and string quartet, directed by Lawrence Christianson, will be heard. Tickets ($1 donation) may be purchased from choir members or at the door on May 16th.

Fact Is Wry Morena Is Dry Reason To Cry

A discouraged fisherman from Lemon Grove recently visited Lake Morena, near Campo and came up with the following reaction. He claims he speaks for most of the sportsmen who have visited Morena recently.

On the sunny side
Of the beautiful Lagunas,
Neath the slopes of Los Pinos
Near the great Mojave
We nest in the valley —
Of the basin, MORENA.

A land truly of enchantment
With enticing variety —
Air pure, God sent —
Water in all its purity.
On the sunny side
Of the beautiful Lagunas —

But, alas! It seems,
Man's greed and thirst
Will make our dreams
Of beauty unsurpassed
Be nothing,
But a bubble—burst.

For now, without question
And a very dubious reason
At a time, it could become
A wonderland for all
The VIPs of high command
Drain our valley of its life.

Now we must mourn
The passing of our blood
To flow, for idiotic reason
To meet man's demand.
For so little water
To the great metropolis
INFINITESMAL GOOD—
NOT UNDERSTOOD.

Recall Right Is Basic Says Shearer

William K. (Bill) Shearer, candidate for State Assemblyman in the 77th district, speaking before United Spanish War Veterans said "One of the basic rights of our people is the right to elect public officials as well as to recall public officials who do not give satisfactory performance in office."

"Any legislator who would strike a blow at the right of the people to elect or recall public officials cannot be fully rounded in the domocratic principles of our nation," said Shearer. "Such a legislator is Assemblyman Hegland. In the 1957 session of the legislation Hegland introduced and secured the passage of a law making it virtually impossible to recall public officials. It increased the number of signatures re-12 to 25 per cent of the voters quired on a recall petition from in the community. This number, in itself, would be difficult to obtain. In addition, these signatures must represent at least 12 per cent of the voters in each precinct in the community. This means that if a man can keep 80 per cent of the people in one precinct on his side, he can have 100 per cent of the people in every other precinct in town opposed to him, but he cannot be recalled. If a city official can keep signatures on a recall petition below 12 per cent in one precinct, he can defeat the will of all the rest of the people.

"This legislation is typical of the present Assemblyman's complete disregard of any democratic principles. Turning him loose to legislate in California is like sending a butcher to do a delicate medical operation. When any man sinks so low that he would deny the people the right to elect or recall their public officials, he has passed far beyond his usefulness to the people of California or his district."

'GLASS MENAGERIE' TO AID TOURING ACTORS

Suit Filed In S.V. Sewage Overflow Complaint

Mrs. Ritchie K. Calhoun of 3974 Spring Drive, Spring Valley, has filed suit against owners of the Spring Valley Rest Home on Campo Road, because of sewage overflow running thru her yard. The rest home owners are Beulah and David E. Woods, who, according to a report from Mrs. Calhoun's attorney, Robert L. Lesh, are being sued individually and as individuals.

The suit, according to the attorney's report, is to abate a nuisance consisting of the discharge over and upon Mrs. Calhoun's land of sewage from lands occupied by the Sanitarium" and to enjoin the maintenance upon the Sanitarium lands of cesspools, septic tanks, and discharge lines which are causing noxious, offensive and poisonous odors which are offensive to the senses and which impair the use and enjoyment of Mrs. Calhoun's residence, and for damages suffered by her.

The report stated that (according to Mrs. Calhoun) from June 1954, to and including the time of its filing, defendants wrongly and negligently constructed, operated and maintained cesspools, septic tanks and discharge lines on the lands occupied by the Sanitarium and adjacent to the boundary of Mrs. Calhoun's land and within a short distance from Mrs. Calhoun's residence. On numerous occasions the cesspools, septic tanks and discharge lines have been unlawfully and wrongfully allowed to over flow and discharge sewage upon Mrs. Calhoun's land. According to the report, this is a violation of the California Health and Safety Code, Article 2, Division 5, Part 3, Section 5411. Filthy and contaminated water has poluted and infected the soil of Mrs. Calhoun's land (it was stated) and has caused breeding areas for mosquitoes and flies.

Mrs. [illegible] in [illegible] stated that first public[illegible]on seeks to abate the nuisances and, secondly, to recover damages for injury to her and her property occasioned by the nuisance.

The report stated that the defendants refused to remedy and correct the described condition despite complaints made by Mrs. Calhoun on many occasions and despite what Mrs. Calhoun believes to be many complaints lodged with the Department of Public Health of San Diego County.

The attorney's report stated that an analysis by the Carl James Laboratory of San Diego, Calif. shows that on April 28, 1958, at 3 p.m. coliform bacteria count showed the most probable number of bacteria per 100 milliliters in a sample taken from a pool standing in Mrs. Calhoun's yard, to be 110,000. In a recent article, (the report stated), in the San Diego Union, entitled "Tests Show Low Bacteria County," referring to tests made at Imperial Beach, that paper stated that Dr. J. B. Askew, County Health Director, considers a count of 10 occurring one-fifth of the time as dangerous pollution of ocean water. The tests made on the Imperial Beach ocean water, incidently, were made by the same laboratory.

The attorney's reports stated that Mrs. Calhoun has complained to the County Health authorities about this condition on many occasions, but the condition was never more than temporarily remedied.

(In a statement to the BULLETIN, Mrs. Calhoun said that water from the sewer overflow had run thru her garage and had ruined an expensive rug, and that a renter she had had in her second cottage had moved because of the existing condition.

Persons graduating from the class will be issued a Standard Red Cross card. Anyone is welcome to attend these classes. For further information call the Allen home at HO 9-8747.

Instructor Richard Allen has been appointed chairman of a newly formed branch of First Aid for the American Red Cross in the Spring Valley-Lemon Grove and La Mesa areas.

Senator Kraft Announces Candidacy

SENATOR KRAFT

Senator Fred H. Kraft has announced his candidacy for re-election to the California State Senate from this county. He is chairman of the powerful Senate Business and Professions Committee and also serves as a member of the Revenue and Taxation, Elections, Financial Institutions, and Public Health and Saftety committees. His current interim assignments include studies of salt water conversion, water resources development problems, highway problems, narcotics, small boat harbors, and his own committee investigating practices of collection agencies, private detectives and debt liquidators.

Senator Kraft has been a leader of the Southern California legislative delegation in its fight to make the California Water Plan a reality and to guarantee to all the people of this area their rightful share of the water produced.

"In the sixteen years I have served in the Legislature," Kraft said, "our State and county have undergone a period of tremendous growth which has complicated old problems and created new ones. Legislation directed to their solution has been my first concern. During the past ten years, State funds totaling more than one hundred million dollars have been allocated for construction in this county for new schools, college buildings, highways, recreational facilities, the buildings to house expanded state services to our citizens; plus millions in State participation in programs administered at the local level. All this has been done while holding the line on State taxes."

Pre-Yearlings To Race at Del Mar

If you have a toddler, 12 months of age or under, whom you believe to be the greatest, here's an opportunity for it to prove you are right. In sports competition at least.

The little one are eligible to compete in the 10th annual Diaper Derby sponsored by the Southern California Exposition and County Fair at Del Mar.

Sex is not important here. It's crawling speed that counts. Derby-ites must negotiate a 15-foot course. The distance must be crawled. Standing up is grounds for disqualification.

Proud parents can stand on the sidelines to root but coaxing with gadgets or pablum bottles is out.

Derby trails will be held Sunday, June 29, Friday, July 4 and Saturday, July 5. First and second place winners in the trials hook up Sunday, July 6 to decide who will lay claim to a three-corner trophy resembling a you-know-what.

Every contestant will receive a present. Toddlers who are interested should have their parents write in for an official entry blank. Blue for the stallions; pink for the fillies. The address is Diaper Derby, Southern California Exposition, Del Mar.

Miguel Glee Club To Entertain

The Mt. Miguel High School Boy's Glee Club (the only Boy's Glee Club containing girls . . . we are told), under the direction of Robert Boucher, provided entertainment for the Spring Valley Woman's Club at the recent Reciprocity Tea.

Special guests of the day were the El Cajon Woman's Club, the Casa de Oro Woman's Club, the "Cosmos" and the Vari-Crafters," both of San Diego.

Hostesses were Aura Smith, Mary Gould, Lucille Ressia and Ruby Mudd. Tea and cake was served.

Records Vital To Avocado Industry Success

The business side of any farming enterprise is important, and especially necessary in the growing of avocados, according to University of California Farm Advisor. It is important to keep up-to-date records on orchard conditions, tree behavior, costs production records, and history of the orchard. Records are kept so the profit and loss factors may be observed from year to year. These factors may include everything from noting a sick avocado tree to the spending of more money on orchard materials than is necessary for adequate maintenance.

An orchard chart is essential in the keeping of good records. Location of good trees, poor trees, diseased trees and "free boarders" can all be noted on this chart. Periodical tree to tree checks should be made to observe soil and tree conditions. These periodic trips through the orchard may be made weekly, monthly or quarterly depending upon the size of the orchard. At least once a year, a complete survey and inventory should be made of the entire orchard operation. This would include a number of good and bad tree per acre, varieties and rootstocks, soil condition (drainage, moisture content, etc.), root appearance and distribution, analysis of irrigation practices, fertilizer amounts and costs, pest control, yield per tree and per acre and fruit quality.

Concert Artists To Appear Friday

Robert Rudie, brilliant American violinist, and Phyllis Williams, soprano are two of the artists with the Rudie Sinfonietta, a unique ensemble of vocal and

ROBERT RUDIE

instrumental soloists, which will appear May 9 at Grossmont High School Auditorium under the auspices of the Grossmont Community Concert Association.

The Rudie Sinfonietta features eleven instrumentalists and the soloists in addition to Rudie will

PHYLLIS WILLIAMS

be Phyllis Williams, soprano; Robert Kirkham, baritone and Cynthia Otis, Harpist.

Rudie in addition to being an outstanding violin virtuoso is a witty raconteur whose comments on violinistic matters have enchanted his recital audiences from coast to coast.

The program will include a Haydn Symphony, a scene from Mozart's delightful "Marriage of Figaro" and a medly of Rodgers and Hammerstein favorites.

Corona Drive Girl In Sacramneto 'Test'

Rocky Field, daughter of Mrs. Wally Field, 3515 Corona Drive, Lemon Grove, has been named representative of Helix High School at the annual Girls' State conference at Sacramento June 22-29. The conference, sponsored by the American Legion, includes representatives from each California high school. The purpose is to encourage interest in government problems.

TRAVELOGUE TO BE WOMAN'S CLUB PROGRAM FEATURE

An "Around The World" travelogue will be featured at the Lemon Grove Woman's Club this week on Friday at 1:30 p.m. at the club house, Mrs. J. E. Butler, publicity chairman, reports. E. Dana Gibson will present a talk and show slides of his world-wide trip, Mrs. Marie Howell, program chairman, said. Hostesses for the meeting are Mmes. Fred Scheneman, chairman; George Bell, C. W. Simmons, A. P. Schnell and Servando Sanches.

Christopher Claims Knight Not Endorsed

U. S. Senatorial candidate, Mayor George Christopher of San Francisco, accused his GOP opponent, Goodwin Knight, of seriously impairing party unity to further his private political ambitions. He said on a recent televised program in Los Angeles "Up to this moment, my opponent Mr. Knight, has not even endorsed his own party's candidate for governor, Mr. Knowland, as I have done. Party harmony is a key to Republican victory in the November election. Crtainly Mr. Knight is not helping matters any by being quoted in national magazines and other places as running down the candidacy of his fellow GOP candidate.

"Are the Republicans going to permit one member of what should be a team to desert the rest of the team to satisfy his personal interests? It is not yet too late to stand up and be counted. Come out, wherever you are, and endorse the unopposed gubernatorial candidate of your own party."

The Dimmer VIEW

(Continued)

more than five years for signals at that intersection . . . a long time for a safety device many of us thought vital long since.

Lest anyone suspect us of resting, let this inform him that we are not. We still have the gears grinding on the utility pole removal in front of the post office. As it now stands, only one property owner stands between us and success on that project.

In the meantime, however, we have taken on a project of getting rid of the trees on the south side of Broadway between Main and Lemon.

Some think a chain saw and the resultant 90 days in the county pokey might be the easiest solution to this one.

Some months ago I ran a piece in this column complaining of some of the absurb practices of secrecy in government. I dug the material from a report by the Freedom Foundation Committee of Sigma Delta Chi (journalism fraternity).

This month, one of our major magazines (name on request) went to the same source and listed their complaints:

The State Department refused to list the number of nonofficial Russians traveling in the United States. This, obviously, had to be kept secret from the Kremlin.

Pictures of lush furnishings [illegible] a military transport plane w[illegible] stamped secret.

Government experts translate technical articles from Russian scientific journals and mark the translations secret.

The Pentagon has affixed formilitary-use-only classification on official weather data. But anyone, including the Soviet Ambassador, can dial the Pentagon, ask for extension 7-9355, and get the weather forecast from a recording which concludes: "This information for military use only and dissemination to the public is not authorized."

The Department of Labor censored statistics on armed services' purchase of peanut butter on the grounds that this would bare the number of men in the services. At the same time the Defense Department was issuing monthly reports on the number of men in the service.

Cecil Candler, president of the San Diego Better Business Bureau could better spend his time chasing down those retail operators who bilk the consumers, leaving them poorer, dissatisfied and unhappy, and leave my favorite badger bit alone.

He admits the BBB is getting complaints on such things as "free" encyclopedias which cost the "prospects" more than $100; "free" dance studio lessons which recently cost one "winner" $3,000, and a grass seed which produces a lawn "which maintains the height to which lawns are usually mowed" without mowing. These, and many others which are foisted on our unwary citizens should be stopped.

But Candler unconstitutionally intruding the area of pleasant personal contemplation when he attacks the advertising of a furniture store which listed a bedroom suits reputedly from a Holly wood movie lot carrying the label "Marilyn Monroe Slept Here."

How insensitive can Candler become?

While on the subject of racketeers let us warn that this is the time of the year when the home beautifier con salesmen descend upon unsuspecting home owners and sell them products and services which simply do not stand up.

Try to register a complaint with one of these fly-by-night salespersons! It's impossible.

There isn't a single product or service that our home town merchants cannot provide (except Marilyn Monroe-used furniture) and they stand in back of every sale.

Why buy from a stranger? Buy from the firm that will be here next week, next year, or whenever contact with the source of supply is needed.

That's just common sense.

One of our news sources, Pacific Coast News Features, filed a yarn this week about the results of research conducted by Dr. W. Horsley Gantt of John Hopkins University School of Medicine. According to tests conducted by Dr. Gantt, dogs carry their liquor much better than humans.

PCNF also reported the discovery of a new drug, triiodothyronine, or T-3 for short, which not only prevents intoxication in humans but also erases hangovers and can even cure delirium tremens. This discovery was made by Dr. Henry Koch Jr., specialist in internal medicine at the Southwestern Clinic and Research Institute and the University of Arizona.

Dr. Koch illustrated the potency of the drug by describing a test in which a man who had passed out after imbibing 18 Martinis in six hours was revived in ten minutes without a hangover simply by administering two small tablets.

Now a guy can step up to any bar with the prideful knowledge that he can outdrink any dog in the house.

Judge Garfield Asks Court Consolidation

(Continued)

court district. The supervisors took Garfield's requests under advisement.

Garfield pointed up congestion [illegible] court's calendar with an illustration of the 28 small claims cases laid aside in order that he might appear before the board. He could have handled that many cases, he said, in the time spent before the board. Garfield also showed population increases in his district warranted another judgeship appointment. He said present figures indicate a total of 139,162 people in his district now. Law requires only 40,000 for a municipal court district, he said.

Garfield urged the additional money for another judge as he pointed out his case load has increased 47 per cent over a year ago. He said revenue for the current fiscal year in the El Cajon court totaled $268,850. Costs, he said, were one-half to one-sixth of the costs of other courts in the area, based on relative population figures.

Garfield said Homeland district lawyers were unanimous in requesting El Cajon municipal district to handle Homeland area cases. He said a good many of them from that district are now being handled through his court.

CD Volunteers Insurance Coverage Upped $5,000

Civil Defense volunteers are protected by increased compensation and death benefit under provisions of a new state law currently in effect, according to a report from headquarters in Gillespie Field, recently.

A $5,000 death benefit increase is now in effect, the rate being boosted from $7,000 to $12,000. This benefit is additionally increased 25 per cent with a maximum of $15,000 for a widow with dependent children.

The maximum weekly compensation for temporary complete disability is now $50 as compared to the former $35. The former rule that no benefit would be payable for the first seven days has been eliminated and there is no further reference to a 240-week limit on payments.

Compensation for permanent disability is $40 weekly. Short of a life pension (awarded where permanent disability is 70 per cent or over) the injured receives four weeks of disability payments for each 1 per cent of permanent injury.

Maximum benefits for medical, surgical and hospital treatment is unchanged at $2,500 as is the maximum burial benefit amounting to $300.

VEGETABLES

Whenever you plant vegetables, remember the soil is important to the quality of the food. It's a good thing to disinfect the soil in which you plant them with a copper - ether material which doesn't sterilize the soil or injure the plants. Then a little later, fortify that soil with some good mineral elements which will add food value to the crop and make the plants sturdy all through the season. I have a bulletin on vegetables and a bulletin on tomatoes, both free on request.

DUST

There is a material on the market in a beautiful handy dust gun that you can use to dust your vegetables all through the season without leaving a residue that spoils the flavor or without making the food unfit for human consumption.

TOMATOES

One word of caution . . . don't plant tomatoes too early. Wait until we have warm nights as we have warm nights as well as warm days. They'll grow all the faster under proper growing conditions.

Jazz Show To Be After-Prom Program

An After-Prom party featuring Betty Hall Jones, San Diego night club entertainer, and Don Sleet's 1957 Inter-Collegiate Jazz Festival winners in a 40-minute jazz show, for Mt. Miguel's first graduating class is being sponsored by senior parents at the Terrace Room of the Lafayette hotel May 24 from 1:30 until 5:30 a.m., it was reported this week.

"Out of this world" decorations are being used to carry out the "visions in the sky" theme of the party, committee members said. Lemon Grove and Spring Valley firms are not being solicited for help in the party prize line but any firms or individuals wishing to help or contribute to the party may contact Mrs. G. H. Webster, H O9-9504, or Mrs. M. H. Thornburgh, HO 6-1163.

The party begins a half-hour after the senior prom ends and also features a breakfast complete with ham and scrambled eggs, Mrs. Thornburgh said.

Committee members and divisions include: Mrs. Thornburgh, chairman; Mrs. Webster, entertainment; Mrs. C. Forrest Baxter, decorations; Mrs. Edward Tristram, tickets; Mrs. John L. Thompson, chaperones; Mrs. H. M. Goodwin, telephone; Mrs. D. F. Ellis, secretary, and Mrs. Wm. R. Hoye, treasurer.

What's Doing At Mt. Miguel

by Mary Conlee

Of course everyone is talking about Mt. Miguel's sweep in the National City Maytime band review competition last week, but hats should be tipped also to the pompon corps which placed second in their division. To all the participants, hats off and well done!

Jef Giarde, junior, has been selected to represent Mt. Miguel at Boys State this summer. Boys State is a conference which takes a student leader from every high school in California and teaches them the principle of governmen.

The CSF had a chapter installation last Tuesday evening in the library. Members of CSF from Helix, Grossmont, and El Cajon were present. A pot luck dinner preceded the installation. The following seniors became Life Members: Anne Marie Shannon, Judy Myers, Barbara Proppe, and Roger Humphrey.

The Quill and Scrolls (honorary literature clubs) of Mt. Miguel and Helix are planning a joint recognition ceremony for May 13. There will be a pot luck dinner followed by the ceremony in the Vista La Mesa Christian Church. La Quita Overlin of Helix High is in charge.

The 56 member Mt. Miguel choir will travel to Pomona this Friday for the annual Pomona Choir Festival. The choir has been very busy giving performances at the Lemon Grove and Spring Valley Jr. High Schools. The choir is directed by Robert Boucher and is composed of many of our top students.

The Senior Ditch Day will be held Monday May 19 at Big Oak Ranch. Marvin Runge is the Ditch Day Committee chairman. The ditch day will last from 12:00 noon to 7:00 p.m. There will be swimming, ball playing, dancing and other amusements.

A senior assembly will be held on May 14 for all seniors. Several senior awards will be made at this time. Also an awards assembly will be held on May 22 for the entire student body.
